City Council Updates

This week, the Glendale City Council received our third quarter financial report as part of the FY16-17 budget discussion. I am pleased to report that the city is at or above third quarter revenue projections for all funds. This report is significant to the City Council and City Manager because it shows that the economy continues to improve and that our budget office is accurately forecasting our budget which helps us avoid shortfalls which could lead to service cut-backs or taking on more debt.

Like all our public meetings, these were recorded and are available at GlendaleAZ.com website. I have included a link below for the recorded workshop.
